SPECIAL NEEDS ARTISTS TO HAVE ART WORK ON EXHIBIT AT LENZ WINERY

OLD BETHPAGE, NY – Family Residences and Essential Enterprises, Inc. (FREE) is proud to announce that artists participating in their Fine Art and Art Therapy Programs have their works exhibited at **The LENZ Winery** on 38355 New York State Route 25, Peconic, NY. The exhibit, “Ascension”, runs through September 4th, 2017, at the winery, which is open 7 days a week from 10:00 a.m. to 6:00 p.m.

The LENZ Winery, one of Long Island’s oldest and most prestigious North Fork vineyards, has long been a supporter of FREE. They have hosted a number of showcases for artwork created by members of FREE’s art program.

FREE, a leader in the field of human services dedicated to helping individuals of all abilities realize their full potential believes that Art Therapy provides a powerful means for healing and communication for anyone, but especially for people who find it difficult to express their thoughts and feelings through spoken words alone.

“Ascension” is FREE’s second Professionally Juried Competition of artwork created by the Artists of FREE. Over 40 paintings were submitted to this year’s competition! The artists represented are the finalists whose quality of work “rose high” to have garnered entrance into this glorious collection. Fifteen Tier One pieces were selected along with First, Second and Third place winners by our esteemed judge, Kevin Larkin, Director of the B.J. Spoke Gallery in Huntington and award-winning artist.

You are witness to the enormous courage and strength needed to take on the challenge of creating a free form abstract painting. Throughout the eleven months it took to complete our process, weekly emotional and spiritual

self-revelation spiraled our artists to ever mounting artistic heights allowing them to find their voices and “talk to us” through the mystical, hidden language of images, colors and symbols.

“Ascension” consists of wide ranging depictions of different elements of nature. Skies, land forms, water and other natural elements span across all of the canvases displaying the artists’ connection to our world and the pathway to creativity. The artists worked through nine stages of creation... from beginning sketches in pencil to learning how to handle pastels, water colors and finally acrylic paints.

While the artwork is beautiful to look at it is important to recognize the incredible depth of emotional release, intellectual learning and work skills development that took place over months of work with all of FREE’s dedicated staff. It was their patience and unerring commitment to “stay the course” and believe that our artists could reach high to not only “see their healing image”, but also commit it to permanent form for all to share in their vision.

Much has been written about the healing power of Mindfulness Based Art Therapy and the creative process of spiritual self-expression, especially for individuals who may find it difficult to express their thoughts and feelings through spoken words alone. The images on view are a testament to this healing power, as our artists faced the challenge to “break through” familiar modes of expression and embrace feelings of trust, hope and peace, offering them an alternative to chaos, conflict and fear. This project in creativity has helped fortify the groundwork for our artists’ successful, ongoing contributions to the community through employment, volunteerism and cultural enhancement for us all.

All are encouraged to view the works and perhaps purchase a piece. The proceeds of sales go towards supporting the artist and his/her program.
